President Dawn... “Licensed to Grill”

Hello ladies!

I am excited that my year has started! If I am being completely honest here, I was a bit nervous to take on the position of President! While we were at the Christmas Social, Karma was installed as a new member, the words struck me. More specifically the “grow as an individual”, and “discover the leadership abilities within you”, “strengthen my individual talents”, “become a valuable member of this organization” parts. Yep, there was a spark (more like a few!), and it ignited a fire within me.....it was time for me to take my turn.

I would like to say a big THANK YOU to everyone who helped me prepare for the year, and those who have expressed to me that “I got this!” By golly, I do believe I got this! I just love how supportive the amazing chapter we have, is! No matter what you decide to do, just know that you have an awesome support group behind you more than willing to help you when needed. This is one of my favorite things about being a part of such a wonderful organization.

The grill is going, and as you all know....Where There’s Smoke, There’s Fire!

Smoke There’s Fire”**

Living and Learning-Pam P.

My theme for the year is: “**It Only Takes a Spark**” from my favorite campfire song “**Pass It On**”. “**It only takes a spark to get a fire going And soon all those around Can warm up in its glowing.**” Although the song refers to God’s love, I also think it fits our enthusiasm for WT. And then, of course, there is also our personal

growth. It only takes one little event, and our lives change and we grow, learn and expand from our experiences. I hope that you find your spark this year. One way to work on that is to complete your certification forms. The forms are so easy, that I would bet every member could complete one by the end of the year if they

just took the time to fill it out. To help members complete their certifications, I will be sending out at least one email per trimester that will contain information, that if you read it, will fulfill a requirement on a certification form. Please keep an eye out for these emails. I am looking forward to “living and learning” with you this year and sparking your interest in certifying.

WELLNESS WALK -

Mondays at 6:30 pm.

It's been awesome to walk outside the past few weeks! We've got lots of beautiful places around Monticello to enjoy. So we plan to "expand our horizons" and walk at different places as the weather permits.

Please watch for emails each week announcing where to meet for our walk.

Women's Wellness —Sara W.

One of my goals for Women's Wellness is to submit an article to the Newsletter every month on ways we can improve our health.

My first note is about taking care of your teeth. I know it's not fun going to the dentist but in the long run it's totally worth it. So here goes nothing!

- Brush your teeth thoroughly twice a day
- Choose dental products that say ADA Accepted
- Eat a balanced diet and limit snacks
- Schedule regular dental check-ups
- Floss... (and not only when food gets stuck.) Try to do it on a regular basis.

Don't worry if it's been a few years since you've been to the dentist. They are there to help. So keep brushing your chompers and schedule a visit to your dentist today!
